Agenda Item Number: 3.b

Emerald Ash Borer Monthly Summary Sheet

June 2013

The Emerald Ash Borer Monthly Summary Sheet is prepared each month by the Public Services Staff for each Government Services Meeting. This summary documents the Spread of EAB (Confirmed Trees), Control Measures (Removed & Treated Trees) and Planting Efforts (New Trees). Unless noted otherwise, all data listed below reflects One (1) month starting on the 1st and ending on the last day of each month. EAB Maps and an address list of Proposed Removals will be attached to this report.

Confirmed Trees

- As of June 1, 2012, all Public Ash trees in the City of St. Charles have been reviewed for EAB. Initially, 1,000 trees were confirmed with EAB in phase one of the current EAB program and have been removed as of the end of 2012. The second round of 1,000 trees has already been confirmed and removal is almost complete for phase two of the program. Phase three began with the removals scheduled for May, 2013.
- Our efforts during the month of June, 2013 to review the remaining inventory of ash trees and determine which trees will possibly survive and which trees we should prioritize for removal is still underway. Our contractor has successfully worked to remove the backlog of ash trees already approved and marked for removal.

Proposed Tree Removals

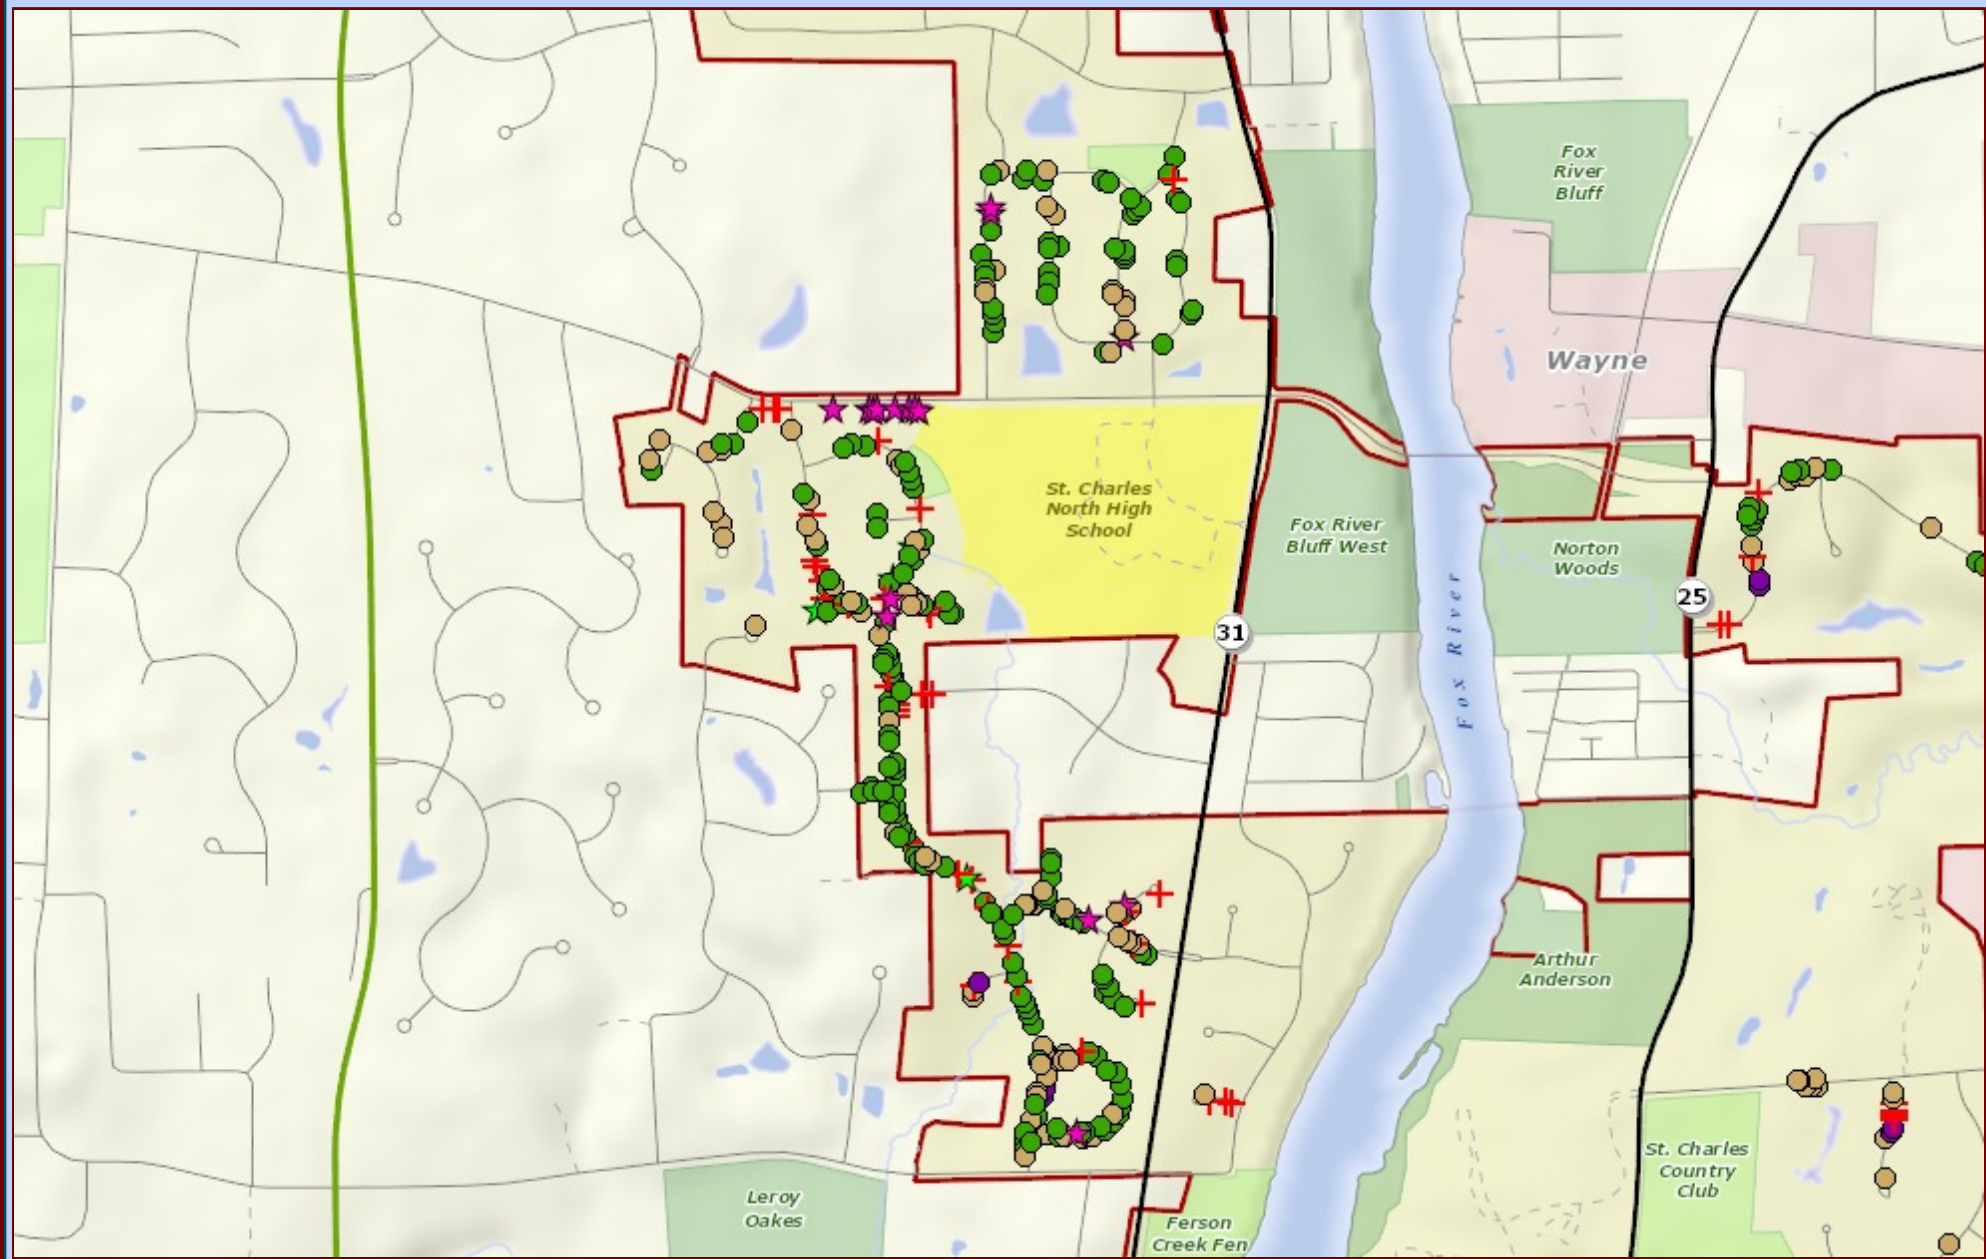

- We are proposing to remove **140** Ash Trees starting in the month of July, 2013, including:
 1. 30 in the NW Quadrant
 2. 0 in the SW Quadrant
 3. 65 in the NE Quadrant
 4. 32 in the SE Quadrant
 5. 13 in the FW Quadrant

Treating & Planting Notes

- Spring planting of over 700 tree sites was completed as of June 7, 2013.

Additional Comments

None
